The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting \$2,000,000 in funding for the San Jose Affordable Housing: Mobile Home Repairs for Seniors Project in fiscal year 2027. The entity to receive funding for this project is the City of San Jose, located at 200 E Santa Clara St, San Jose, CA 95113

This funding will be used for critical repairs and upgrades to existing mobile homes in San Jose, improving habitability and preserving a significant source of naturally occurring affordable housing. Investments will include ADA modifications to enhance accessibility, as well as energy efficiency improvements such as upgraded insulation and energy-efficient appliances. With San Jose containing the highest concentration of mobile home parks in California—including 11 parks and 2,763 units within the district—this project targets essential rehabilitation needs for vulnerable housing stock. Funds will be allocated for assessments, materials, and supplies. These improvements will help maintain safe, accessible, and energy-efficient housing for residents while extending the useful life of existing units. The project is an appropriate use of taxpayer funds because it preserves and rehabilitates affordable housing, improves living conditions, and enhances energy efficiency consistent with federally authorized community development programs.

The project has a federal nexus because the funding provided is for purposes authorized in 42 U.S.C. 5305(a)(4)

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Ro Khanna
Member of Congress
